Ill revisit for alternatives. On another note – I am =eeting with David Hall, President of UVI, week after next as I spoke to=the Director of Development at UVI and told him that UVI should get the pe= annum payments from the RT Park companies directly and not the RT Park =96 he didn't even know they were not getting the money directly.

do we tell him we know he lies? gross revenue is out of the question.

Finally hunted down Rohrllick from RT Park. He indicated the Board will want a percentage rather than the flat fees proposed of \$100K \$200K and \$300K. By way of example - he claimed on company which projected \$30M in revenue a year - paid \$350K upfront with .05% of gross revenues per annum payable to the RT Park. Another company which projected \$5M per annum did \$150K upfront plus 1% of gross revenues per annum. Thoughts?

I am headed overseas - email is best - we can set up a call if you like - but email me first and we can confirm times. </div>
