Subject: Fwd: Offices for WFC

Hi, how are you? did you g=t this email with office? do you like it? Yesterday Daniel visited, said it= the best ever and we can organize so many things in it: there is space for=casting, shooting and good representation of WFC.

=e need to give an answer fast, its not many location in paris like this, ev=rybody wants it.

looking forward your news :)

<=r>

Best regards,

Jeffrey, i found an amazing location for an office, new buil=ing 33 rue Francois 1ere, best location ever, new building, i know the pers=n who built it, he gives very good price and first month for free to set up= I can move in tomorrow. There are 2 offices i like in this build=ng, one on the 2nd floor, 120m2 + amazing 60m2 terrace (you can see on the p=ctures in the attachment) 9000€/month , its a bit expensive but we d=nt need to change an office in one year, we can use terrace for evenings, m=del parties, meetings to make the channel famous and work on communication (=t will cost us much less then to do it outside and dinners), we can invite m=gazines, make castings, photo shoots - to do all at this office.

=nbsp;Another one-115m2 without terrace -6500€, also is very good, b=t with terrace we have more options.

Its too many p=ople fighting to have the offices in this building, we need to be fast to h=ve decision.

All period of rests are 3year, but ev=n in one year or two for these addresses we can find someone in one day.

Another thing i thought, its good maybe to rent a cor=er to photography agency, it will be cheaper for us rent and we can use the= for tests.

Another office i sent you on avenue Mo=taigne, 60m2, just open space, price 4000 /month +6000 they want agency com=ission for first month.

Open space for 60m2, its ll be difficult t= make castings and organise something for more then 3 people, no space. What do u think?

For the budget you said 12.000◆=AC/month. I can take office, furniture, cameraman for salary, computers, tv=and i ll organise shotoshoot corner+scout.It ll be good place where the gir=s ll feel comfortable and you :)

Best regards,&nb=p;
