Many thanks. By all means let's c=ncentrate on me and not Trump. If Enhanced Learning can make its annual gif= of 30 that would have a huge positive effect on me and my future. Let the m=rket take care of itself. All best

finally landed

very unpleasant journey

you had nothing to do with how Chapman acted and i apologise=for suggesting it might be otherwise
it was entire=y against me, partly motivated by a spiteful ex-friend

=div>consulted two lawyers that Gordon recommended but they were very discou=aging

the basic problem is simple—i a= going against a strong national trend—well-known man after well-kn=wn man is being brought low for alleged his misbehaviour toward women =94in some case well-deserved prison time (Cosby and perhaps Weinstein) in m=ny other cases, simply being run out of institutions—exactly my fat=

furthermore in he say/she say confrontation= the evidence has shifted—in University settings at least—f=om 'beyond a reasonable doubt' to a 'preponderance of evidence' to 'more po=itive than negative'

the loss is huge, on th= order of a half million to a million dollars, meant to keep me alive (they=were going to offer a five-year contract) while i let my 'inheritance' be s=ent on children and grandchildren while also growing

i have no choice but to work

=80 -

i will get my revised Wild Life=to an agent later this week—have added 5 new chapters and a few sec=ions—much stronger for the inclusion of my major scientific work =80 1. social theory based on natural selection and 2. selfish genetic&nbs=;elements selected within organisms

then i have Honour Killings set to roll, as well as=another one

=94-

hope you a=ee thriving—and also hope Trump will stop this international tr=de nonsense—a lose/lose war—especially as it affects the st=ck market or so it seems to me

best wishes

bob
