I really prefer Europe...but I am having a tough time putting it together.

Aspen is easy and Susan Hess wants me to come to Malibu...
Will call later...just getting up.
So glad you came last night.

The girl was too young. You walked into a room of journalist...including Tina Brown's husband....even though she was adorable and sweet. I wanted to kill you. She gave me her first name and I screamed at her to always say her full name....I don't care if it's made up. It is soooo moronic just to say first name...PLEASE get over that.

Also, I got very nervous that you are back to old tricks. Your next "problem" with authorities will be your last.

I need your friendship too much to lose you...
