Will get danny on dimmers in the morning.
=span>Also we are going to punch out the building tomorrow.

Fire Pit;
I just=went up and started it;

- * gas flames look OK
- * Puts off good heat

- * controls are di=ficult to use to get pilot light going
- * Remote control=works OK after pilot is lit
- * Can show you how to use</=pan>
- * If it is OK I will have Brian run the permanent gas lin= and build box to hold tank

Conclusion; like the gas,=do not like that unit. Suggest we look for a better one with controls that=work better.

We have grate for wood bur=ing operation; It is pretty windy up there and embers will fly. =f we want to use real logs we probably need to make a custom mesh cover.</=iv> Aaran has wood coming.
