</=iv>

i have solved the problem of Honour Killings, at least in outline,=and i intend to produce a short book while also spreading it on the intern=t—a film made in Barcelona, trimmed to less than an hour should ar=ive when the Spanish get back to work after Christmas—perhaps mid=anuary? Your support backed all of this

i f=y out to Chapman University in Orange County LA for a week in April

<=iv>

i was there this November as a Presidential Fellow♦=94the President is in fact a very agreeable Italian mathematician of real =alent:

Dr. Struppa is the author of more than 200 refereed publication=, and he is the editor of several volumes. He has edited or co-authored mo=e than ten books, including Bicomplex Holomorphic Functions (2015), Regular Functions of a Quaternionic Variable♦=A0(2013), Noncommutative Functional Calculus: Theory and Applications of Sl=ce Hyperholomorphic Functions (2011), Analysis of Dirac Systems and Computational Algebra (2004), <=span>Fundamentals=of Algebraic Microlocal Analysis (1999), and The Fundamental Principle for Systems of Convolution Equations= C2♦(1983).

So he calls me=two days before i leave Jamaica and says he had watched my whole Honour Ki=ling talk and was taken by its mathematical logic and the host of research=it invited—exactly how fast do r's rise as a function of perce=cousin marriages? how would clan intercaste linkage analysis help explai= the Hindu case et al

he was eager to discuss wit= me in April a deeper relationship with Chapman including teaching, i.e. a=jump from 20 grand a year to 100 or more

so i pla=ed your card and said that i was really taken by Chapman (which I am) and = had a friend who said that if i ever got an offer worth considering he wo=ld match it (your 80/20 split of 100)

well he lik=d the sound of that !

so i plan to reverse it with him this April—and have HIM match YOU—50 more in research=funds, e.g. to do the genetics of both elite sprinters and the West Africa= populations from which they sprang (5 individuals for 5 countries should do the trick) and your funds can't support that work

this is supposed to be best wishes to you and instead it is all about me—but after all i know very little of your mental life except that its calming influence has left me \$160,000 richer than a year ago

<=jv>

warmest best
