Harry, of course, knows the law. Harry has been directing Max, Deborah and Sam (Bainco) to do things in a very unorthodox way to prevent Noam from having his rights. And they all know about it. ♦=AO Noam has been unofficially interdicted. This is extremely serious. Of course, they are going to be defensive and protective about=each other and I can guess the excuse they are going to use, as they are afraid to be liable for legal charges for what they have done.
