Subject: Zorro Gym stereo

Jeffrey,

The Dennon receiver is working in gym, I will purchase a "Y" connector today so I can incooperate both Subs in the Gym, good volume at this time.

-Select CD on Dennon reciever for 5 disc CD changer, the master wall plate still functions for "Stop" "Play" and "skip Fwd" functions only. Volume is controlled on receiver or remote control in gym, RF sensor needs to be programmed, needs line of sight.

-VDP for IPOD dock operation on from of Dennon.

Brice needs to have Stereo guy Sean program the remote control to include Dennon.

Thx

Larry
