Jeffrey,

Dave and I have arrived in ABQ.

When we arrive in Teterboro I'm requesting two days for maintenance on the Gulfstream if your schedule permits. Some scheduled maintenance cards and two intermittent issues:

#1- L/H boost pump intermittent

#2- Brake accumulator needs replacing, not holding nitrogen pre charge of 1200psi. I just serviced the accumulator to proper psi, it appears to hold for 30days and slowly leaks. Part is already waiting for us at Meridian in Teterboro to be installed.

I should be on ranch property by 3pm.

Thank you,

Larry
