Subject:	Request for new machine

Jeffrey I did the mountain loin upgrade on lesley's iMac at 71st today and the machine really hated the upgrade ....
I think it because the hard drive is shot as we used this machine for the server transfer and other heavy lifting

I really think it is time to replace ASAP as we are having to service this too often

Could I please have permission to get the entry level iMac for desk at 71 st

Cost is about $1400 with AppleCare

PLEASE ADVISE as I am struggling to get it into a workable state and wouldn't ask enless I thought it was absolutely nessasary

Thank you

Scott
