No, our statements do not include contracts=work provided by 318 technology. They were paid directly by you.

They gave us a wiring plan and provided the wire/materials =e needed to have our electrician install the wiring according to the plan.=nbsp; When we are in the final phase, they will provide the switches for u= to install. They are also providing the materials & programming=for the Lutron Radio RA System and motorized shades. They do =ot provide electrical wiring work. They have been to the site perio=ically to ensure that the wire installation work meets their expectation.<=div>

You can clarify this with Homero Perez.
