Jeffrey,

Haze Trust bought 6.2 MM original face on August 2nd @ 29.88, spending \$1.7 MM. We currently have the opportunity to add on to an order from a large seller which could potentially net us a great bid from an institutional buyer. <=p>

We should try to sell @ 32. This would be a \$226,595 gain (13.3% holding period return, 97% annualized)

<= class="MsoNormal">Let me know.
