Good day boss

So far the wifi at the main compound is holding steady. I have updated 4 of the 5 macs the flag pole pool is still downloading the update. I will run the install tomorrow. I am working on a plan b for internet to flag pole pool. The fibernet guys are still unavailable to repair the fiber.

Regards  
Jruan

Ps on a personal note

Thanks again for helping me with my vehicle finally parts have arrived to properly repair it. Many thanks again
