President Waheed=

It was very good to catch up with you and your team for about an hour t=is evening.

I know that we just basically scratched the surface tonight=with the number of things we need to get underway for your successful elec=ion in September but we covered a good deal of ground and your team had so=e very good questions as well as some contributions around operations that=they currently have underway as well as additional suggestions to the oper=tions I covered - All in all a good first discussion!!

As we concluded o=r discussions, we agreed that your team will work to gather the full and e=tire listing of All Voters who Voted in the first Maldives Presidential El=ction AND find as many contact Phone Numbers or Email Addresses as possibl= for those Voters which will allow us to be able to get directly in contac= with them.

I will begin developing a baseline polling instrument for yo=r team to review and comment on before we finalize in order to go into the=field to develop as much baseline data for you and your team as possible s= that we can launch your candidacy with the maximum effectiveness.

I fel= tonight was a good introduction and a good start. I also look forward to =our feedback
