Hi Rich,

Attached is the plan to fill in the wifi deadzones at 71st — I apologize for the “no=siness” of the images, Merwin only had mechanics floorplans for a couple of the floors.

All told, I=expect to need 24 new eero Pros and 4 eero Beacons.

You could order these directly from eero.com <http://eero.com/> , but you'll save ~\$500 by ordering from Best Buy (Amazon is also an option, but they limit the number of units you can order at=once, so you'd have to place several orders to get the same price as Best Buy).
