Subject: Re: A/C 5173 Outstanding Items

final color are ok. letters need to be lowered. ♦=A0 2. iphone X . 3. galley yes e=d where suggested but in addtion a strip covers the 1 and half inches of t=e vertical side of the counter top. option one is fine , and t=e quarter round can contiue the full length of the counter top. so t=at crumbs dont fall on the floor. 4 little tables=C2♦ removed and no need to leave flip tops. 5. the led=e should be smooth . .

Dear Mr. Epstein,

I have a couple items I wanted to confirm and addres= with you. It would be ideal if we could schedule a conference call =ither on Monday of next week after the Thanksgiving Holiday, are you avail=ble Monday? I would like to include the STM, Charles Thomas as well as James Bashlor and Bo Myers from the Woodsho=.

1. Charles Thomas, the Servi=e Team Manager, has indicated at this time the outdate is February 28=h. However, this will move out day by day until the overall sc=pe is finalized and will also change should there be future changes to the scope once it i= finalized.

2. Please review the attache= renderings for Exterior Paint. An approval is needed on final color= by tomorrow (11/22) morning to ensure the paint is received on time.</=>

3. The approved veneer sampl= is tracking to arrive late tomorrow, order will be placed immediately. ♦=A0 However, the Wavy Grain Acknowledgement which was on there does need to=be signed. I am sending the Acknowledgement Label Overnight(FedEx 770806811976) and ask fo= you to please sign and return to me for Monday arrival (I included a retu=n label for ease). Upon receipt, I will affix this to the back of th= veneer sample next to the approval label.

♦=A0 <=>

4. Clarification needed of w=at Apple device and model for a docking station at the VIP seat<=u>

5. I addressed the galley countertop with the woodshop and we feel the best location to transition the countertop to veneer would be the location below indicated by the red line.

- a. Feedback requested regarding location
- b. Notes regarding work:

=C2? =A0 =C2? =A0 =C2? =A0 i. =A0 2 Options for how to achieve thi=

1. Veneer over the countertop and cover the nosing with single-ply

a. Suggest adding a quarter =ound piece of hardwood for a transition
between the two
≡/ə/≡

OR

2. Cut off left portion of C=unterset and Veneer – added time

a. Countertop and top Cabinet would be removed to cut this portion off as countertop does not wrap around vertical cabinet, but rather under. Area would then be built back up for a veneer flat surface like the credenza top with the nosing being hardwood.

b. We would need to discuss how you would like the transition between the veneer and countertop (top and nosing) finished off. Would you be okay with a seam between the two materials?

Note: There are risks associated with cutting the left portion off the countertop = E2♦♦ possibility of the right side cracking. If this were to happen a new slab would be ordered which may affect schedule.

6. Removing Single Tables behind VIP seat:

- a. Can be done=/li>
- b. Address the ledge in=this area:

=C2? ♦=A0 =C2? ♦=A0 =C2? ♦=A0 i. ♦=A0 Would you like us to re-
veneer w=th the lids (as is)

OR

=C2? ?=A0 =C2? ?=A0 =C2? ii. ?=A0 Would you like the ledge to run smoothly over the empty table boxes? If so we will need to involve engineering for change in design and weight & balance. This will add to time and cost.

7. I have one additional fin=shed sample of the Qtr. Fig Dark Eucalyptus which I can send out to either=you or Eric. I can have another sample finished and shipped out in about a=week and a half. Please confirm your preference as to who I should send t=e finished sample to.

I look forward to receiving your feedback on all the=above items and will notify you once the signed veneer sample has arrived.=u>

Kindest Regards,

Heather Lemieux

dark eucalyptus signed and on its way back . can you now check with your shop on timing?
◆=A0 thx. also lets try to eliminate the counter top=of the galley coming into the passenger compartment. ugly
