Subject: St. John's medical center

Jeffrey,

I have been approved to land on st John Medical center, Landing fee donation=is \$100.00

-Boeing 727., when I ran the engines on the Boeing on Sunday, the center MFD=EFIS tube (Mulit Function Unit) did not power up, I have a spare EFIS tube i= the Boeing, and it do not fix the problem,,,the other main component is th= "Symbol Generator" located in Belly of aircraft, I removed the unit and cl=aned the pins, still does not work,,,the overhaul exchange of this unit is=\$21,000, I prefer to fly the Boeing to Palm Beach with MFD inop, since I ha=e 4 other EFIS tubes to display weather, and let Avionics shop trouble shoo= further before spending \$21k and replacing the Symbol Generator box,.

Dave will bring the exchange FMS unit on airlines tomorrow and will install a= that time, Crew will arrive Wed at 2PM.

thank you,

Larry
