something is very off with my sending emails from my phone.. I've noticed 2 emails I sent you yesterday from my phone have disappeared; not in sent folder or anywhere to be found. I also noticed this happened last week while on our trip; I had sent you an email but it disappeared and I don't think you got it. Anyways, I sent you 2 emails yesterday which I don't think you got regarding fabric samples for the GIV.
Do you want fabric or leather samples and in which color ways?
