Mr. Epstein,

I will reach out to the team here regarding the cup holders and the ipod charging dock for the Captains Chair. May I please ask you to confirm the details regarding the cup holders? Referencing the drawing below, which cup holder (A or B) would you like to close out at each seat? Would you like one closed out where the two single seats were removed forward of the divans? If so, please confirm which one (A or B in the second drawing). Would you like one closed out on the divan end cabinets as well (which will be under the upholstered covers)?

Kindest Regards,

Yes, I can send all three. Please note the two ebony samples are Type Samples and not Live meaning they are not from the specific log currently available, but will provide you with an idea of what the species looks like. I have live samples being finished for you by our woodshop which are expected to be done on Monday.

Should I ship these to the address in West Palm?

Mr. Epstein,

I wanted to show you photos of two more veneer options with a pillow from your aircraft as well as the Dark Eucalyptus I sent you on Tuesday. My apologies, you may see reflections in the veneer samples. I look forward to receiving your feedback on these.

In addition, I wanted to show you the veneer we had on our G600 Mock Up as it was quite handsome and current. Pictured below is the G600 with the Zircote veneer. I have ordered in samples from our suppliers to finish for you to see. This species if veneer has a lot of movement within the log.
