Brice,

I received the requested information below from Toshiba.

Please send me a copy of

Layout and structural drawings for the two roofs located at the maintenance area

Land survey for the part of the island that has the Kite House located on it

In addition can you have the 'Island meter read at 6am and 6pm everyday for the next 7 days to get accurate read of daytime and night time usage (please send them to me daily).

Cecile and I will address the WAPA questions.

Any questions let me know.

Thanks

Jeanne

Good Afternoon Jeanne,

Below are some clarifications and requested items we would like to see in order to provide you a revised preliminary proposal.

Questions and Clarifications for WAPA:

Clarifications and items requested from LJS:

1. Layout and structural drawings for the two roofs located at the maintenance area
2. Land survey for the part of the island that has the Kite House located on it
3. If we cannot fit 100 KW on the two roofs can we install a small ground mounted system near the two maintenance buildings?
4. Please provide Kilowatt (Kwh) Meter readings for several 24 hour periods

Thank you,

Mark
