Flag pole pool still has no internet. T=e guys for the fiber repairs was a 'no show' on Thursday and they have not g=ven a set date on when they can come. They only said that they do apologize=and have not forgotten LSJ but they are backup. They will try to do it befo=e Saturday.

I have called every morning since to see if they have an=opening.

STC

Internet is still unstable on Broadband VI, also Hector stat=s VIYA is still a couple months away before they can do anything for STC. I=am researching smaller internet service providers like Surge or SmartNet to=see if they are able to take on new clientele and investigate their stabili=y.
