Update from Gulfstream;

#### AIRCRAFT ACTIVITY

Good morning gentlemen, today we are continuing with the KA Band installation. Also we are working veneer options and should have them ready to ship tomorrow for owner approval. We are still awaiting signatures and/or approval on the list of items that Julian emailed yesterday. If you have any questions or concerns with any of these please don't hesitate to contact us so we can work through them. I have tentatively moved the departure date to 2/28/17 until we have approval on all open items.

#### CONSTRAINTS

The aircraft outdate will push day for day until the veneer selection is made due to material lead time. Need approval of paint clarification WCR and registration color.
