Good morning JE,

I talked to Scott and got his instructions. In addition, I have been =n the line with AT&T tech support.

The programming of the MCells has been done correctly, but the =support rep stated that the MCells are not syncing with the AT&T =ervice in the Virgin Islands. I am awaiting the new AT&T chips that =ech support had mailed to me for installation. (EDA: =/16/13)

Roy, please verify that the connection to the Ipad docking station is =ecured. If it is and the problem is still occurring, I can come on the =oat after the airport run for Karyna.

Regards

JRuan
