Subject: Nautilus

Dear Jeffrey ,

I don't need to tell you about the quality of nautilus , but as I hear from J=hn that you are speaking to him again about his educational mission I wan=ed to send a few thoughts of my own .

Nautilus is the rare magazine that both Larry and I love and we have signed on to his donor pool and hope to help him build something really sus=ainable. But, philanthropy aside , I'm hoping to open a video channel with N=utilus that will become Poetry in America's distribution outlet and condui= into schools for all our content on topics environmental , health and tech=related topics This includes interviews with Jordan Ellenberg (mathematician), E.O Wilson (biologist) , Richard Dawki=s , Neal Baer (dr and producer of ER) , Tony Bossis (psychiatrist and re=earcher in end of life) Lisa Randall (physicist) and more others, and a w=ole new tranche of content the Poetry Foundation has funded me to create for younger students . Nautilus animation is so great I'm hopin= to learn a lot from them.

This is not about me , however ,but about John and Nautilus . But I wanted y=u to know that I think he's visionary and that I have a stake in what he i= doing as well Love , Lisa
