Good morning Jeffrey,<=>

We are fully underway on your aircraft, but there are =till items that need to be identified that require your input:</=>

1. =A0 Aft lavatory faucet (singl= pole)
2. The existing 1=" towel bar is plated and non descript - is this something you want to r=place or leave as is?
3. We need to sel=ct yarn colors for the carpet
4. We need to ide=tify carpet pattern (pattern for the floor area only - heat ducts and seat=bases in the plain field color)
5. The entry weat=er curtain is ultraleather now - can we go back with the same white ultral=ather as the lavatory bulkheads?
6. We need to sel=ct a color for the grospoint that will line the interior of the aft lavato=y closet. Do you want to go with an off white to match the leather and bul=heads or something close to the color of the wood veneer? Normally I wo=ld not recommend the off white, but this is your personal closet, so it is=an option.
7. Seat foam buil= up approval -
8. After much tho=ght about what you said in our meeting, I would like to investigate taking=the divan that you love out of your GII and using it for the GIV. Buyin= the new divan for the GII. It may sound a bit backwards, but you made =t very clear that you love the divan in the GII, so if we can use that one= it will insure your overall happiness. I have asked Larry to get me th= manufacturer and part number from that divan. If you are in agreement,=can you live without a divan in the GII for a relatively short period of t=me?
