In the aircraft one of your friends noted that the rectangular light and air gasper escutcheons in the p=u's looked old fashioned and that we should change them.</=pan>

There is obviously an additional cost to modify the ps='s, fabricate new contemporary escutcheons, etc., but I wanted to see if=you want to move forward with this?

Attached is a photo of yours and the the updated "ov=l" style escutcheon for the psu. Yours has one light over each table, bu= you get the idea from this GV.

Your thoughts?
