Bathroom & Kitchen - These were redone by [REDACTED] at some stage and I think they are still fine. Bathroom has a nice shower and kitchen is clean and functional with ceasarstone counter tops. If we really wanted to modernize the kitchen we could always replace the cupboard fronts but I don't think it is urgent.

The last 2 images are question marks. I think the door knobs could be replaced for something nicer. And the last image is the closet at the front door. Doors could possibly be replaced for something newer.
