Hello Jeffrey!

Hope you are well and that your time in Paris was good?

Question...Am I becoming cynical or do you think people are just commodities and behaviour a script to be profited from? If one is not master of one's own destiny who do we turn to for real guidance..the one controlling the variables? To what end pray/prey I may ask? Without, I hope my brain being fried?

I might, out of fate, have been your seedling once, now I don't know which environment will let me grow into the individual human being I want to be.

You, me...is all a riddle....

My feeble mind can't fathom why.

PS: I might not be 20 something but I would still value a short term PA contract/opportunity in the future to exercise some skill I'm trying to incorporate into my resume Francis Jardine-Deuss
