Jeffrey,=/p>

Attached is hopefully the final revision.

Changes made include the entertainment system and the =93cancellation" of Option 18.

I can not spend any more time on the entertainment sys=em quoting, so

Estimated labor: =A0 =A0 246 labor hours

Estimated material cost: =A0 =A0 \$10,830

Estimated Engineering and certification cost: \$ 9,500

Estimated profit labor & materials: =A0 \$ 9,438<=p>

The reality of entertainment systems is that there wil= be labor over runs on the wiring and structural installation that will re=uce the "estimated" profit margin to what hopefully will be a \$7,500 p=ofit.

I can not be any more honest and transparent than this= If you have connections that can get my daughter Rachel into the Unive=sity of Michigan, then I would happily reduce the cost of the entertainmen= system by \$7,500.
