Hi Joscha

I can certainly arrange this. What day and time were you looking to visit?

Regards,  
Ryan

Hi Joi,

My own interests are in integrat=d cognitive architectures (i.e. things that Josh Tenenbaum does), with a focus on computational models of motivation and affect. I am modeling the em=rgence of goals and decision making from a set of cognitive, physiological=and social drives, and the emergence of affect from cognitive modulation.<=div>

I would also be very interested in learning more about =eb Roy's work, because I love the paradigm of stepping up the ladder o= child performance as a way of understanding the mind.

Sure=Jeffrey.

Hi Joscha, is there any particular person or group you'd like to meet?

Ryan, can you help coordinate this?
