Exactly what nancy said. So should I speak to the reporter?

What I find most important is that in original complaint it says a complaint was lodged at the time with the conference organizers. Then in the final report it concludes no such complaint was lodged. Indicating a lie.

yes,&nb;p; you should highlight the one that concludes nothing happened and stress the silliness of having a third party, make a complaint, not even the person that they reference was found . complained or had a photo= a complainant in a bar, with no connection to you or the person you allegedly grabbed. you can suggest to buzz fee=, that all allegations should be taken seriously . It seems unfair that anyone can make unsubstantiated allegations referencing a third party stranger, seen from a distance in a bar. . for all they knew it could have been your wife.
