Bella,

Attached is the July Invoice which has been paid already.

Also, I have looked at the pictures through the weekend and analyzed what can be done for these areas. Because of the low sun light, the grass does not grow in these areas. It will be very hard to make the lawn thrive with no sun. So what I was thinking that could be done is remove the grass and install Synthetic astro turf. Low maintenance, always stays green and you don't have to worry about anything (sun light & drainage).

Let me know what Mr. Epstein thinks of the idea.

Thank you,
