Attached are three (3) different carpet samples agains= your leather, wood, plating and divan fabric.

The photo's don't do these justice as these photo=92s takes some of the life from the actual materials.=/p>

I can have these made in 4-5 weeks.

Personally, I like the light color carpet the best. =What is not evident in the photo is that this carpet has a simulated white=color silk that provides that silk like sheen where you see white, so it c=ordinates extremely well with the leather and the pearlite metal plating.<=>

Lastly, a carpet to "simulate" that Stark carpet i= about 8 weeks after approval of a strike off sample (which will take 2 we=ks - so 10 weeks total time).

Your thoughts?
