yes, you should highlight the one that concludes nothing happened and stress the silliness of having a third party, make a complaint, not even the person that they reference was found. complained or had a photo. a complainant in a bar, with no connection to you or the person you allegedly grabbed. A0 you can suggest to buzz feed, that all allegations should be taken seriously. It seems unfair that anyone can make unsubstantiated allegations referencing a third party stranger, seen from a distance in a bar. for all they knew it could have been your wife.
