Greetings Sir,

Wreckshop/Engineering: The parts needed for the heavy equipment=repairs have been ordered from National Parts. The quote for the parts need=d to repair the damaged carts totaled \$95,000. Anna is recommending r=placing the 4 carts that were severely damaged in the storms, and using wha= parts can be salvaged from those 4 carts to repair the other carts. &=bsp;

All tools needed have been purchased.

Barge needs: Two new electrical panels, (4) =4'x8' sheets of 3/16" aluminum plate for new chocks= (1) Raritan Ruddermaster rudder angle indicator kit, (3) Aluminu= doors, Lexan sheets for the windows, (2) Rain suits, (2) Fl=shlights, (2) Hearing protection - Earmuffs, foam plugs, (2) pair= Leather work gloves

STC office: (2) white fl=or lamps for the conference room, (1) built-in microwave with a fan (30" wi=e by 16" high by 15" deep) in white

Ca=pet: The Floor Factory presently has on hold the 290 square yards of carpet=needed to re-carpet the office. We have been notified that the carpet=is out of 2 dye lots, but that there is no noticeable difference in the col=ring between the lots and it will not be visible to the eye that the carpet=came from 2 dye lots when it is installed.

We are comfortable to m=ve forward with the carpet in stock at the Floor Factory, but if you would p=efer to obtain carpet from one consist roll, we will need 290 square yards p=r the measurements submitted by the installer for the Floor Factory.

<=jv>

Copier: The replacement was vetted and approved. The purc=ase will be finalized by NY.

Electronics/IT depart=ent: (20) Four-pin speaker connections. All other items have been pur=hased and delivered to the PB house for the plane.

Respectfully submitted,<=div>
