Subject: Just a heads up

Ada has been working with US Trust to get the estate flow chart done. It seems, though, she was the brains of the operation over there and the success= team's work product has not been acceptable. When she did the original package for us she had customized parts of it. Also, when I supplied values, the note reflected the discounted value of the purchase, but the asset Leo then owned did not and ditto for the trusts assets. We, therefore, had to supply corrected input. In summary, just want to give you a heads up that this is a top priority here but will take a bit longer to deliver. = This email and any files transmitted with it are confidential and intended solely for the person or entity to whom they are addressed and may contain confidential and/or privileged =material.
