Exactly what Nancy said. So should I speak to the reporter?

What I find most important is that in original complaint it says a complaint was lodged at the time with the conference organizers. Then in the final report it concludes no such complaint was lodged. Indicating a lie.

yes, you should highlight the one that concludes nothing happened and stress the silliness of having a third party, make a complaint, not even the person that they reference was found. complained or had a photo. a complainant in a bar, with no connection to you or the person you allegedly grabbed. you can suggest to buzz feed, that all allegations should be taken seriously. It seems unfair that anyone can make unsubstantiated allegations referencing a third party who is a stranger, seen from a distance in a bar. for all they knew it could have been your wife.

Dr. Krauss,

My apology for attaching the incorrect email to my prior message. This thread has the correct public record request. As to your recent question, you will see that BuzzFeed is also asking about your individual funding. I have information from OKED. If you have additional information, can you please provide it to our office – in addition to the funding information for The Origins Project. Thank you.
