Daphne was trying to be polite as I assume Carlos never answered her. I have been asking him for 2 days now on boat Mtc lgs with no response. When I spoke with Shannon the mechanic from Offshore yesterday on why 1 engine is failing on little c and not the other I learned that engines should last 5000 hours if properly maintained while our engines only have 2500 hours... he also said that Carlos and team were doing mt= and he was unsure whether they were being maintained properly.

Carpet: The Floor Factory presentl= has on hold the 290 square yards of carpet needed to re-carpet the office.=nbsp; We have been notified that the carpet is out of 2 dye lots, but that there is no noticeable difference in the coloring between the lots and it wil= not be visible to the eye that the carpet came from 2 dye lots when it is i=stalled. We are comfortable to move forward with the carpet in stock at the Floor Factory, but if you would prefer to obtain carpet from one c=nsist roll, we will need 290 square yards per the measurements submitted by=the installer for the Floor Factory.

Copier: The r=placement was vetted and approved. The purchase will be finalized by NY.

Electronics/IT department: (20) Four-pin speaker conn=ctions. All other items have been purchased and delivered to the PB h=use for the plane.

Carlos is still finalizing his l=st and notes, he will submit it separately when he has completed it.

Respectfully submitted,
