=div class="gmail\_default" style="font-size:small">I have been able to =rogram the Apple Remote at the Ranch, swipe, volume and dictation function= all work. There is still a need for the universal remote to start and stop= system. The m=in issue was CEC/HDMI Input control needed to be enabled on the receiver.<=div>

below is a link for another option regarding AV Receiver, Marantz SR7012, List \$2300 It is my understanding there is a requirement for 3 receivers, LSJ, NES and Zorro

Please Note:

MacIntosh MX 122, Audio Advisors, Fl \$6500, Larry could probably get a better price on a 3 unit deal
