Subject: cybersecurity ++

F -
We'll be talking on Thursday.

A couple of things:

1. Wondering if Nov. 6 or 8 (or 9), we could gather a small group in =YC (maybe at the Andaz? or at your place):

Frank (cybersecurity guy, along with a few folks of his choosing) Tom Pritzker Joi Ito Danny Hillis possibly Barnaby, only if he's free me

Would need to find out who is free and can be there. Frank is killer =ood and knows good people. Discussion would be cybersecurity and =ossibly alternative currencies. We may also want to see if Scott Cook =ould join, we can discuss. SO hard to get Tom and Joi, and Danny, but =f we could, so perfect.

if those dates don't work, then maybe look to a December or January =ate....

2. I want to discuss this guy I mentioned in a previous email (re: =eputation).

3. Just catch up. Sounds like you've had fun with Joi.

4. conference - I've been wanting to hear from Joi if we should do =omething at MIT and join forces or keep these separate.

5. RSW seems to be softening a little bit.

6. Other, interesting....=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN" "http://www.apple.com/DTDs/PropertyList-1.0.dtd">

```
<plist version=.0">
