There are fabrics that are made to conceal speakers that I am confident we can dye to match the end arms.

Although we would obviously love to do the woodwork in your G550, if timing is such and that you will really save 8 weeks, then so be it. I will not charge you a mark up on the veneer and I am happy to work with Gulfstream so that they source it direct.

Best regards,

Eric

do we have a fabric that is good for speakers that we can put on the side of the divan and open the cabinet. so stereo speaker are inside? ? we need to finalize the back cushions shape and foamed as well as remove the fur close out and replace with the sam fabric as the divan. . we can design the new arms from scratch. ? height shape foam. .

2 eric , the plane is at gulfstream getting paint and internet. . can you guys sell us the veneer , at a profit and i can have them put it in? save me 8 weeks. you and i have the better color sense then them.
