Al is charging 16 hrs ? To do what ? If not to get it fixed

On Tue, Oct 24= 2017 at 12:41 PM Richard Kahn <[REDACTED]> <mailto:[REDACTED]> wrote:

NYC

Merwin i= unsure of projector wiring and Al says he will not be responsible as it c=n be a lot of work
I will have Al come Thursday to do install an= if wires need to be changed i will have merwin involved so Al does
not ch=rge us..

please confirm if ok
thank you

Hi Rich,

Not sure who is our a/v guy before Al=and Zinon. HMDI is not compatible with 4K. But, there is a wide open
ceili=g to fish wires from projector to receiver.

4K compatibility of each house

Date: October 24, 2017 at 12:30:08 PM EDT

To: "jeffrey E." <jeevacation@gmail.com>

Cc: Richard Kahn <[REDACTED]> <mailto:[REDACTED]>

Hello Sir,

There's lots of emails going around 94 some with incorrect information — so I thought it'd be good to recap the status of each house.

<=r>

NYC / 71st=<div>

Receiver: Marantz AV7005 does not support 4K passthrough

Projector: Epson LS10000 is 4K HDR compatible

Cables: uncertain, assuming not 4K

Receiver: McIntosh MX121AV does NOT support 4K passthrough
Projector: Epson LS10000 is 4= HDR compatible
=ables: uncertain, assuming 4K

LSJ:

Receiver: McIntosh MX12=AV does NOT support 4K passthrough
Projector: Epson Pro L1505UNL $\diamond=80\diamond$ upscales to 4K, not actual 4K
Cables: uncertain, assuming not 4K

Palm Beach:

Receiver: Marantz SR7009 is 4K compatible
TV: Samsung UN75HU8550F is 4K compatible, may not support HDR
Cables: uncertain, assuming 4K

Paris... TBD.

I'd suggest sending an Apple TV 4K down to Palm Beach to replace their existing Apple TV and seeing if it works as expected.

If i= does, consider the Marantz SR7009

<http://us.marantz.com/us/Products/=ages/ProductDetails.aspx?CatId=AVReceivers&SubCatId=0&ProductId==SR7009>
<<http://us.marantz.com/u=/Products/Pages/ProductDetails.aspx?CatId=AVReceivers&SubCatId=0&a=p;ProductId=SR7009>> for other locations.

=br>

Thank you,
