Hi [REDACTED] How are you? Jeffrey decided instead of sending me money to send me a laptop. I would like to have a laptop MacBook Pro 15 inch with 2TB SSD storage. This is very important to me that there is a lot of storage. It doesn't have to be new new. If you have something like this in the office you can send it to me.

Also Jeffrey told me you already ordered for me an iPhone x. Could I please have the silver one with 256gb of memory? Thank you in advance. Do you need my delivery address?? Kind regards,
