Jeffrey

I've been wo=king with Brice,,

Currently at Zorro you have BelCanto amps to po=er the system,,no need for Powered Receiver.,

Th= New Macintosh MX122

4K-Apple Friendly / AirPlay

is a PreAmp receiver,, best in its class for Home Theater,, =br> List price \$7,000

Audio Advisor pric=

\$6,200

Do you approve of this receiver f=r Zorro,,

Thx

Larry
