Good afternoon Jeffrey,

After you left we all sat down in the showroom to disc=ss your viewpoints and desires.

I asked Kevin to identify three possible replacement h=ad units - with price not being a real consideration.=/p>

Although Kevin is very knowledgeable in his field, I w=s not 100% satisfied with all his answers to our questions with regard to =he amplifiers and speakers, so I decided to go direct to JL Audio in Florida as they are the manufacturers of the amps and subs.=/p>

With Larry in my office on the call, we spoke with Eri= Cole of JL Audio (he's their technical support) to discuss the subs in =he aircraft - the type of sub, the throw, the enclosure, etc... We also=spoke about what type of speakers they produce to replace the Rockford spe=kers in the psu's.

We are sending Eric pictures of the credenza and measu=ements of the areas so that he can recommend what their best speakers (sub= and coaxial) that will work in the aircraft.

I believe that we have a solid direction that will pro=uce a solid outcome.

I will keep you abreast of our findings so that we can=recommend a solution that will hopefully meet your approval.=/span>

As always, please do not hesitate to call me with any =uestions you may have.

Regards,

Eric
