Greetings Mr. Epstein,

Below is the onl= email that I have received from Ken Holmes regarding the purple grasses r=cently - November 5, 3 weeks ago. I checked my Spam folder and did a se=rch, and found nothing from Ken from last week as he wrote to you. I ju=t called Ken, told him I did not receive the email he says he sent to me a=d Chris last week (he says he has been having trouble with his phone) and =sked for the specifics of the grass delivery:

The grasses will sail from PR on 12/4 at the latest - E=A on STT 12/6. He will probably fly over to STT to clear it himself as =t is shipping under his name. The grasses will be on pallets - 5-6 pall=ts - which should hold in the Ford F-450.

If he can get an earlier sailing date he will let you k=ow.

Respectfully,

Daphne=
