Good morning Rich, and Richard

I called Scott yesterday and got his voice mail.

I left a detailed message regarding our networking needs, he=92s yet to reply.

I did say we wou=d be onsite this morning, but I would have expected a confirmation from hi= if he planned to join, I did not.

I will try again at 9:00am, but at this juncture, I =o not believe he will be assisting us in any way. We should discuss our=options.

Rob and I will be onsite this morning to conclude the Crestron implementati=n.

This implementation will requir= reliable communication using your network, hence the need for Scotts assi=tance and/or reviewing our options.

If you have contact with Scott, and you can convince=him to come to the site, the earlier he can arrive the better.

I'm confident Rob and I will be in good shape fairly early on, =aiting for Scott to arrive or respond serves no one.

Not trying to throw him under the bus, but once we're done with our scope= we should head out unless we know he's on the way.

While onsite we will check your speakers as well. </=>

Due to the nature of the damage to your existi=g equipment, we think this wise.

Thanks,<=>

Matt
