r i know we had this at one time, it had red leather drawers. with pu=l outs. ? do either of you know where it is if we still have it</=>

Now, this is where it gets interesting. Sotheby=92s catalogue illustrates a cartonnier (illustrated below) which they described as "later" that came with the desk. Does Mr. Epstein have the cartonnier? It's obviously hard to =ay from this black and white photo, but stylistically, the cartonnier could be from the 1760's. If so, it was likely made at the same time the lion=92s masks were put on the sides and would make the desk significan=ly more valuable.
