Hello Richard,</=>

Pending the availability of the recei=er we can start immediately, possible Wednesday or Thursday. =C2  
Someone removed all of the Crestron equipment but we did include programming for the URC-MX-980 remote control.  
All cab=e are 4K compliant.

Note: We do not know that integ=ity of the cable from the processor to the projector. We will bring  
=nough cable for and external (testing/temporary) set up should the existing in wall/ceiling fail.

Thank you.

Regards,

Al

Sorry. A bunch of stuff just overwhelmed us. I will have it on your desk first thing Monday. I may send it out over the weekend but that may not be much of a help.
