Jeffrey,

I removed aft wifi antenna and repaired APU door. For tomorrow's flight . = Photo of pylon upper:

This is my next area I'll address while interior work is completed in Islip n= Jan 26th.

Supposedly pylon area is high vibration area, this is large job and best to a=complish during interior down time.

During my visit to savannah, Gulfstream didn't feel this was major problem, I=disagree
